

Easypack®

Certificate

This is to certify that all Easypack® paper is produced from 100% recycled, neutral ph paper and is recyclable and biodegradable. The sum of the concentration levels of regulated metals in the paper does not exceed 100 ppm as required by the European Directive 94/62/EC on packaging & packaging waste and as amended by Directive 2004/12/EC.

Signed on behalf of Easypack Limited
